

Accushape™ and experienced LEO's created the all new 21st Century MUTT™, a lightweight Rapid Deployment Rifle Capable Ballistic Shield. Keep MUTT™ at your side at all times.

- Active shooter rifle protection for first responders
- Large enough for protection, light enough to maneuver
- Easily deployed by individual officers
- Practical multi-shield deployment
- Rifle Protection for a vehicle door
- Front reinforcing plates on handle areas to prevent bolts from becoming secondary projectiles and to protect against penetrations from near fastener hits.

Tested by Oregon Ballistics Laboratory (NIJ Certified lab)

MUTT™ Threat Level E Lead Core Rifle	Velocity	Result
AK-74 5.45 x 39 Mild Steel Core	3181 fps	STOPPED
AR-15 M193 55 gr. .223 Lead Core	3168 fps	STOPPED
