

The Accushape™ TBAS® System (Threat Based Armor System) is a modular armor system. Our QCSquared 3-A vest is the base of the system allowing the addition of the ICW Threat Level E Plate and Threat Level K Plate (Ticarbonite® Armor System Odak® Tile). The RDRK (Rapid Deployment Rifle Kit) comes standard with the SA Threat Level E Plate and allows you to add the Threat Level K plate. With this modular system you are able to up armor to the threats you may face. The Threat Level K is protection from specific rifle rounds listed in the ballistic chart below.

\*\*\*Odak® Tile Plate Must Be Worn ICW With Threat Level E SA or 3A+ICW Level E\*\*\*

Shooter's cut for improved comfort  
Dimensions: 10"x12"

Tested by Oregon Ballistics Laboratory (NIJ Certified lab)

Threat Level K	Velocity	Result
M4/AR-15 SS109-M855/.223 "Green Tip"	3017 fps	STOPPED
AK-47 7.62 x 39 M43 Steel Core	2627 fps	STOPPED
Dragunov/PKM 7.62 x 54 R	2987 fps	STOPPED
